Young Internists (European Foundation of Internal Medicine)

Member subcommittee

September 2010 - September 2014 (4 years 1 month)

The main function of the Assembly of Young Internists is to support the activities of EFIM and the Administrative Council and to act as a link to Young Internist groups within the member countries.

The term 'Young Internist' refers to doctors in training in Internal Medicine and to doctors in the early years of their senior posts.

The officers will be responsible for preparing the agenda for the meetings of the sub-committee and the Assembly, recording the minutes of meetings, managing the budget and reporting back to the EFIM Executive.

Eurotransplant

Allocation officer

2000 - 2004 (4 years)

Eurotransplant is a non-profit organization that facilitates patient-oriented allocation and cross-border exchange of deceased donor organs. Active for

transplant centers and their associated tissue typing laboratories and donor hospitals in eight countries, Eurotransplant ensures an optimal use of donor organs. Eurotransplant is responsible for the allocation of donor organs in Austria, Belgium, Croatia, Germany, Hungary, Luxembourg, the Netherlands and Slovenia. This international collaborative framework includes all transplant hospitals, tissue-typing laboratories and hospitals where organ donations take place.
